Subject of Debate**

JAMES DEFENDS FREE SUGAR

WASHINGTON, MAY 16.—Democratic leaders in the senate were endorsed late today in their determination to refer the Underwood tariff bill to the finance committee for consideration without public hearings. The Penrose-LaFollette amendment directing that the public hearings be held was defeated by a vote of 41 to 36, and the motion of Senator Simmons to refer the bill was then passed without a roll call.

Defends Free Sugar Policy.

The closing day of debate on the issue of hearings was enlivened with discussion of the Democratic platform and its bearing on free sugar by Senator James of Kentucky, who vigorously defended the stand taken by President Wilson for free sugar, declared that the party had stood for free sugar and campaigned on it, and defied the Louisiana senators to find a man President Wilson had ever told that he was opposed to free sugar.

Senators Smoot, LaFollette and Clark wound up the debate on behalf of the public hearing amendment. Senator Smoot predicting that the Democratic party would be put out of power for another quarter of a century as a result of its tariff bill.

Senator Clark declared that the Underwood bill was just as much a law today as it would be after the senate had voted upon it, and Senator LaFollette urged the Democrats to court the open-door policy.

"The edict has gone forth," Senator Clark said, "the real vote on this tariff bill will be taken here as in the house, where it was taken in secret caucus. I know there are Democrats here that don't believe the bill is just right and righteous altogether, who are willing to bow their head to office and ease the lash of party expediency."

Senator Walsh, of Montana, was one of the few Democrats to enter the debate. Mr. Walsh said he was in receipt of scores of telegrams urging him to vote for hearings that were not already known and he would vote against them.

Senator Newlands, of Nevada, spoke briefly on the sugar schedule, protesting against sacrificing the sugar production of this country to Cuba.

Will Receive Reports.
The finance committee will meet next week to hear reports from the sub-committees engaged in consideration of various schedules of the bill and Chairman Simmons hopes to report the bill to the senate by June 1.

Already quite a number of minor changes have been suggested by the sub-committees. These will be considered in the party caucus to be called before the bill is reported.

Great interest was manifested in the final contest over the hearings in question, the galleries being crowded with spectators. The senators' private gallery was filled with guests and in the president's gallery were Misses Margaret and Eleanor Wilson and a party of friends. They remained until a vote had been taken.

Will Consider Changes.
Administrative changes in the tariff law which would revolutionize the existing customs system will be considered by a sub-committee of the senate finance committee tomorrow when Assistant Attorney General Denison and Assistant Secretary of the Treasury Curtis will elaborate their recommendations that the secretary of the treasury be authorized to proclaim the dutiable value of imported merchandise and that customs appraisers be prohibited from accepting contingent fees in appealing from decisions of collectors.

These officials also will urge that the appeals for the re-appraisal of values of merchandise to be taken from the board of United States general appraisers and lodged with a board of examiners to be composed of six or seven members appointed under the civil service for life. This board, Messrs. Denison and Curtis, told Chairman Simmons of the senate finance committee and Chairman Underwood of the house ways and means committee today would be an investigatory body and would constitute an aggressive safeguard

INSURGENTS FORM M. W. A. FEDERATION

**ADOPT REPORT OF COMMITTEE ON
NATIONAL ORGANIZATION**

**Demand Removal of Present Head
Officers, Investigation of Finances
and Investigation of the Sanatorium
in Colorado.**

SPRINGFIELD, ILL., MAY 16.—The M. W. A. Federation was permanently organized at the final session of six hundred insurgent Woodmen here today by the election of the following officers:

Dr. James V. Beghtol, Hastings, Neb., national secretary of the provisional committee of the insurgent movement, president; E. S. Smith, Springfield, Ill., vice-president; Harry P. Hooper, Tecumseh, Okla., secretary, and John H. Schnolla of Mokena, Ill., treasurer.

The True Woodman, edited by P. M. Macarthur of Marseilles, Ill., was adopted as the official publication for the federation.

Adopt Committee Report.

Plans for the organization of the insurgent Modern Woodmen of America were perfected at today's convention, when that body adopted the report of the committee on national organization recommending that one member from each state be elected by the convention to be known as "the National Modern Woodmen of America Federation," with officers consisting of president, vice-president, secretary and treasurer to be elected by the committee and a board of directors consisting of the officers and five other members of the committee appointed by the president. This committee will work out a platform and carry on the plans outlined by the convention.

Demand Removal of Officers.

The convention adopted a resolution demanding the restoration of representative government in the orders, demanding the removal of the present head officers and the investigation of all their financial transactions and an investigation of the sanatorium in Colorado; for the adoption of by-laws limiting the terms of officers to two years; the repeal of the new rates; demanding a referendum vote before any change in rates is made; demanding the repeal of the "Mobile law" in the states in which it is in force; demanding the recovery of all moneys illegally disbursed; prohibition of special dispensations, rigid economy under business methods; the re-organization of the deputy system so that deputy officers be prohibited from sitting as delegates in county, state or grand camps; the discharge of all useless employees; demanding in the complete revision of all by-laws, decentralizing power, restoring local self-government to camps, and depriving head officers of even the shadow of authority for dictatorial methods designed to coerce the camps and intimidate the officers and members thereof.

A resolution offered by E. B. Smith of Tippecanoe, O., that order proceedings be instituted against the head officers, and that they be compelled to give an accounting for their actions, was on motion of J. F. Schaffner of Elgin, referred to a committee to be known as the National Modern Woodmen of America Federation.

MILLIKIN U. DEFEATS ILLINOIS IN TRACK MEET

**Huntziker Proves Star of Contest
Leading in Scoring With 18 Points
—Final Score Millikin 59 1-2,
Illinois 43 1-2.**

Decatur, Ill., May 16.—Millikin defeated Illinois college in their dual track meet held on Millikin field this afternoon by a score of 59 1-2 to 43 1-2.

Huntziker of Jacksonville with 18 points to his credit led in the scoring and Tension of Millikin with 15 was second.

The Illinois team had three good men Huntziker, Prins and Jaccard and with someone else to take an occasional point they would have made a much better showing.

The weight events were the only ones in which the Jacksonville team led, Prins of Illinois winning two firsts and a second out of a possible three firsts. Tension and Ed. Smith of Millikin led in track events.

WILL CONSOLIDATE.

Detroit, Mich., May 16.—The Woman's artist Foreign Missionary society of the West in convention here today voted to consolidate with the society of the east. The eastern society already has taken favorable action on unification.

WILL MEET NEXT IN MOBILE.

Washington, May 16.—The Catholic Knights of America in their eighteenth triennial meeting today elected officers at midnight and adjourned to meet at Mobile in 1916.

against fraudulent undervaluations. The board of general appraisers acting as a judicial body is not in a position they hold, to conduct adequate investigations to determine the re-appraisements.

Another change to be recommended to the senate sub-committee will be that in classification questions the board of general appraisers shall act by a single general appraiser instead of by a board of three as at present.

The sub-committee to consider these questions will be Senators Williams, Gore and Shively.

START CAMPAIGN FOR DEMOCRATIC VICTORY

**Executive Campaign Com-
mittee Organizes and
Discusses Plans**

CAMPAIGN OF EDUCATION

**Committee Agrees Upon an
Educational Campaign and
for Co-Operation**

APPEAL TO STATES FOR MONEY

WASHINGTON, MAY 16.—The campaign for Democratic supremacy at the polls in 1914 and 1916 was opened here today when the executive campaign committee of the Democratic national committee organized and discussed preliminary plans. The committee agreed upon permanent headquarters in Washington the organization of an educational campaign and harmonious co-operation with the Democratic congressional party organization from now until after the next presidential election at least.

Representative A. Mitchell Palmer of Pennsylvania, caucus chairman of the house and recognized as the president spokesman in that body, was made chairman and Rolla Wells, of St. Louis, treasurer of the Democratic national committee, treasurer. At the permanent headquarters Thomas J. Pence of North Carolina, the former correspondent who conducted the Wilson press campaign will be in charge as manager of publicity. With him already is Col John J. Martin of Missouri, sergeant at arms of the last and other national conventions of the Democracy.

To Send Newspaper Letters.

Plans agreed upon to day contemplate the sending of Democratic Washington letters to the approximately ten thousand weekly newspapers and two thousand daily papers that have no special correspondents at the national capital. All this will require a large fund and the committee decided to appeal to the various states for contributions. The situation generally and the need for immediate, organized campaign work was discussed at two sessions of the committee and the conferences will be resumed tomorrow. The committeeman, accompanied by Mr. Pence, called at the white house during the afternoon and explained the plans for the educational campaign to President Wilson, who voiced his hearty approval.

Will Confer With Lloyd and Page.

At the outset of tomorrow's meeting the committee will confer with Representative Lloyd of Missouri, chairman and Representative Page of North Carolina, secretary, the retiring officers of the Democratic congressional committee who were directed at a recent meeting to consult with the national committee, the president and Democratic senators regarding the president's proposal that the numerical strength of senators on the congressional committee be increased so as to secure a most effective co-operation in the congressional campaign two years hence.

It is probable that the congressional committee will be asked to name three representatives and two senators to serve on a joint executive campaign committee for conducting the political battles during the next four years. The party leaders contemplate sending out speakers under the auspices of this joint committee to outline the attitude of the administration whenever an occasion offers.

AGED MAN MAKES MURDEROUS ASSAULT UPON PITTSBURG CITIZEN

Pittsburg, May 16.—William Hastings, made a murderous attack tonight on Ross Hickok, son-in-law of the former governor, at Mr. Hickok's residence in this city. Seven shots were fired at Hickok by Hastings from an automatic revolver during a hand to hand struggle in the Hickok residence. One bullet took effect, penetrating the right side of the abdomen. The wound is believed to be not serious.

Hastings was arrested after a desperate struggle with the police, during which a score of shots were exchanged and a girl bystander was shot in the leg.

Years ago, Hastings, who is 75 years old, gained notoriety by public attacks on his brother, the governor who he accused of having deprived him of his share in an estate.

He went to the Hickok home tonight and demanded to see Mr. Hickok. When the latter ordered him from the house Hastings drew a revolver and began firing. Hickok who is of athletic build hurled him through the doorway.

Hastings began firing again, sending four bullets through the door one of which struck Hickok above the right hip.

Hastings then hurried away. The police were summoned and overtook Hastings, who opened fire on the police who responded with their revolvers. Hastings had emptied three revolvers when a policeman's bullet broke his arm and he fell and was overpowered. At the jail Hastings said he only wanted to scare Hickok. It is believed his mind is unbalanced

HOLD MRS. DIETZ FOR HUSBAND'S DEATH

**HELD TO BE RESPONSIBLE BY COR-
ONER'S JURY**

George Nurnberg is Dismissed and Declared to Have Had No Part in the Murder—Mrs. Dietz May Be Bound Over to Grand Jury Today.

CHICAGO, MAY 16.—Mrs. Augusta Dietz today was held by a coroner's jury to be responsible for the death of her husband, George H. Dietz, a fashionable women's tailor who was found dead April 10th. Dietz' body was found in his bed chamber, his skull crushed with a heavy hammer.

George Nurnberg, a friend of both Mr. and Mrs. Dietz, who testified at a former hearing that he had been particularly friendly with Mrs. Dietz, was held to have had no part in the murder and was dismissed. Nurnberg has been in custody since a few days after the murder. Mrs. Dietz was allowed to go home under the \$10,000 bond by which she had obtained her release when arrested at the time Nurnberg was taken.

The jury found that Dietz had come to his death "from fractured skull due to external violence with a hammer" and held that "Augusta Dietz, his wife, is directly responsible for his death, or she has guilty knowledge of his death."

The verdict declared that "insufficient evidence had been presented to warrant holding Nurnberg but recommended that the police continue their investigations."

The preliminary hearing of Mrs. Dietz was continued until tomorrow when it is expected she will be bound over to the grand jury and placed under a new bond.

The verdict was heard by Mrs. Dietz without any change in expression, and she left for her home without offering any comment.

PRESBYTERIANS UNITE IN COMMUNION SERVICE

**Four Grand Divisions of the Church
Unite For First Time in History.**

ATLANTA, GA., MAY 16.—For the first time in the history of Presbyterianism the four grand divisions of the church, the Northern, the Southern, the United and the Associate Reformed, joined late this afternoon in a union communion service. Participating were more than 3,000 communicants, including delegates and commissioners to the Pan-Presbyterian Pentecost and laymen from every section of the United States.

Presiding over the communion service which was impressive in its simplicity were Dr. J. S. Lyons, Dr. R. M. Russell and Dr. J. T. Stone, respectively moderators of the Southern, United and Northern assemblies. In an address Dr. Russell laid especial emphasis upon the significance attached to the union communion service as the forerunner of ultimate union of the whole church.

Much Business Transacted.

The second day of the joint assembly was productive of much that vitally affects Presbyterianism. Sessions were held by the Northern, Southern and United assemblies both in the morning and afternoon, much business of importance being transacted.

An interesting feature of the day was the adoption by the Northern assembly of a resolution presented by the committee on Christian life and work, bearing directly upon the "divorce evil" and making recommendations for enactment of uniform legislation on marriage and divorce. The resolution recommends that the ministers and church courts of the Northern assembly institute a campaign of education with the object of impressing upon the people the sacredness of marriage and the evils of divorce and to arise in the public mind a realization of the need of reform.

Recommendations Adopted.

Recommendations of the committee on Christian life and work to the effect that the diaconate be made a conspicuous agency of the church and that the assembly endorse inter-church federations also were adopted. The rest of the report of the committee was deferred until next Monday.

CLAIRVOYANT IS DISCOVERED BY POLICE IN HIDING ON ROOF

William Neff Wanted in Connection With Grand Jury Investigation Is Arrested.

Chicago, May 16.—(William Neff also known as "Professor Salisbury" and "Professor Mantell," sought by State's Attorney Hoyne in connection with the present grand jury investigation in clairvoyants was arrested tonight on the roof of a three-story building run as a rooming house by his mother. Neff's whereabouts was discovered when the police followed his sweetheart to the rooming house. When they entered the building he could not be found, however. The house was surrounded and a systematic search of the premises begun. Neff was discovered hiding behind a chimney on the roof.

RETURN INDICTMENTS AGAINST RAILROADS

**Four Railroads and A Coal
Company are Charged
With Rebating**

CHARGED IN 63 COUNTS

**Also Indicted for Conspiracy
in Violation of Elkin's Act
and Discriminating**

CASES TO BEGIN IN DANVILLE

EAST ST. LOUIS, Ill., May 16.—Five indictments charging rebating and discriminating in 63 counts were returned late to day against four railroads and a coal company by a federal grand jury here. The indictments set forth instances where in it is alleged the laws were violated by the Vandalia, Cleveland, Cincinnati, Chicago and St. Louis (Big Four); Chicago, Indiana & Southern, The Grand Trunk railroad and the O'Gara Coal company.

The Vandalia is charged in three counts with rebating and the Big Four is accused in 21 counts with discriminating in favor of coal company. The Big Four and the Chicago, Indiana, and Southern are charged jointly in 29 counts with making discriminating rates and concessions and discriminating. Seven counts jointly charged the Big Four, Chicago, Indiana & Southern and the Grand Trunk railway and the O'Gara Coal company with conspiracy in violating the Elkin's act of 1903.

\$20,000 For Each Count.

The penalty that may be imposed for violating the Elkins law in case of conviction is a minimum fine of \$10,000 on each count and a maximum of \$20,000 for each count, or \$1,280,000 for the 63 counts.

In the conspiracy charge, however there is no minimum and the companies may be fine \$10,000 for each of the seven counts making \$70,000 or \$1,350,000 for the 61 counts. In the seven joint conspiracy indictments against the Big Four, the Grand Trunk, the Chicago, Indiana & Southern and the O'Gara Coal company the United States charges that these companies violated the Elkins act of 1903 by engaging in the transportation of coal from one state to another without upholding and maintaining their right tariffs and schedules.

Owned by New York Central.

One of the most startling facts the government hopes to establish is that the O'Gara Coal company, a New York corporation, is virtually owned by the Big Four, or by the New York Central which in turn owns the Big Four.

In the first indictment, the Vandalia is charged with borrowing a large amount of money from the Merchants LaCledde National Bank of St. Louis, Mo., for the Granite Improvement company. This company like the Vandalia is said to be owned by the Pennsylvania railroad system and it is charged that "Granite improvement company" then purchased the capital stock of the "Vandalia Mineral company."

Then the Vandalia, according to the indictments, loaned the money at four per cent to the Lumaghi Coal company of St. Louis at two per cent, the indictment alleging that the Lumaghi Coal company agreed in return for the loan to ship all the coal and minerals it handled over the Vandalia Lines.

Allege Discrimination.

The indictments against the Big Four also alleged that the company at the request of the O'Gara Coal company billed its shipments out of Eldorado, Ill., as though they had come out of Harrisburg. Although Harrisburg is eight miles from Eldorado and in the same county and same coal zone the Harrisburg Coal has a better reputation on the market than coal mined in Eldorado, consequently there is a greater demand for it.

The 21 indictments against the Big Four allege it discriminated in favor of the O'Gara Coal company in 1908 and 1909 by giving the company a small shipping rate out of Harrisburg and Eldorado than it gave other mining companies operating that section. The twenty-one indictments charge jointly against the Big Four and the Chicago, Indiana & Southern, alleging these roads jointly gave concession to the O'Gara Coal company in transporting its coal from Harrisburg and Eldorado to South Bend, Ind. The cases will probably be begun in Danville, next September.

ELECT OFFICERS
Bloomington, Ill., May 16.—Constitutional amendments and election of officers took the attention of the concluding session of the Illinois Music Teachers' association convention here today.

Preceding the business session, papers were read by Chicago dramatic critics. Officers elected were: Edgar A. Nelson, Chicago, president; E. R. Lederman, Centralia, vice-president; Herbert Merry, Lincoln, secretary-treasurer.

COMMITTEE FAVORS SEATING OF BOARDMAN

**PROGRESSIVE WINS CONTEST FOR
SEAT HELD BY HENNEBRY**

Sub-Committee Accepts Will County Returns as Correct and Account Will Not Be Necessary—Boardman's Majority Now Held to be 133 Votes.

SPRINGFIELD, ILL., MAY 16.—The sub-committee of the house elections committee decided tonight to report in favor of seating George Boardman, Progressive, who is contesting the seat held by Representative Michael Hennebry, Democrat, from the forty-first district.

The sub-committee accepted the official vote of Will county as correct and decided that a recount of the Will county ballots would be unnecessary.

Both Hennebry and Boardman agreed before the state canvassing board that the Will county returns were correct and it was upon the correctness of the Will county vote that the state canvassing board issued the certificate of election to Hennebry.

The sub-committee at 6 o'clock tonight finished the task of counting the vote in DuPage county, the recount vote gave Boardman 613 majority in that county; this together with the official vote of Will county showed Boardman's election by 133 votes.

The correctness of the vote cast in Will county was not questioned but the sub-committee had decided to recount it in order to be certain that no errors were committed there. The sub-committee, however, was unable to locate Edwin G. Young, county clerk of Will county. Mr. Young had responded to the committee's subpoena earlier in the day and appeared with the Will county ballots. In the afternoon an inquiry for Mr. Young at his hotel revealed that he had checked out at noon. This gave rise to rumors that Young had either been kidnapped by Democratic friends of Hennebry's or else had been induced to disregard the committee subpoena and return home. Later a telephone message from some one representing himself as Young said he would be on hand at 7:30 but at 9 o'clock Young had not appeared. Representative Hennebry is a "wet" and Boardman is a "dry."

The "wet" and "dry" fight in the house is a special order for next Wednesday. It is said the "wets" desire to delay house action on the contest until after Wednesday and the "dry" to force the seating of Boardman before that time.

Authority Uncertain.

Chicago, May 16.—Edwin G. Young, county clerk of Will county, sought in Springfield in the Hennebry election contest, returned to his home in Lockport, Ill., tonight and declared that he would not take the Will county ballots to Springfield until he had been assured that the committee had the legal authority to open them.

Advanced to Third Reading.

Springfield, Ill., May 16.—Among the bills advanced to third reading in the house:

Providing that widows of old soldiers in order to be admitted to the Soldiers' and Sailors' Home at Quincy must have been married to the inmate prior to January, 1900, instead of 1890.

Appropriating \$10,000 for making preliminary plans for the erection of a statue of Abraham Lincoln on the capitol grounds.

Appropriating \$25,000 for the erection of a monument in memory of former Governor John P. Altgeld in the city of Chicago.

Representative Kasserman, Democrat, introduced a new civil service bill providing that all appointees who went under civil service without examination and all appointees who have held office four years shall occupy the same relative position as persons appointed under the ninety days probation clause.

Representative Kasserman says he believes in civil service but is opposed to life tenure of office by reason of it. Under the 90 days probation clause appointees may be set aside by the head of the department. The house committee on state and county affairs gave favorable action to the bill providing for the appointment of a commission to arrange representation for the state of Illinois at the Panama-California exposition at San Diego, Calif., in 1915.

An appropriation bill has been introduced asking that the same amount be appropriated for the exposition as is given to the Panama-Pacific exposition at San Francisco in 1915.

REPLY TO JAP PROTEST CABINET DISCUSSION

**No Intimation of the Nature
of the Government's
Reply Is Made Public**

MAY AWAIT FINAL ACTION

**State Department May Await
Action By Gov. Johnson
Before Drafting Reply**

JAPS ALSO AWAIT SIGNING

WASHINGTON, MAY 16.—A tentative draft of the reply of the United States government to the Japanese protest against California land legislation prepared by John Bassett Moore, counselor of the state department was considered for two hours today by President Wilson and the cabinet. No intimation of its nature was made public. The secretary made a statement deprecating efforts to guess at the varying phases of official negotiation declaring that serious mischief might result and satisfactory conclusion be retarded or prevented.

There are indications that the state department is awaiting final action by Governor Johnson upon the alien land bill, either in the faint hope that he might at the last moment change his mind and veto the measure, or more probably with the purpose of having the approved act as a basis for further discussion. The Japanese government like-wise is awaiting the governor's action.

To Avoid Sensational Reports.

Meanwhile taking their cue from the president's statement last night regarding military and naval movements, the officials of both the war and navy department today are endeavoring to avoid issuing any orders or statements that would contribute to sensational reports of unusual activities in their departments. A number of army officers were ordered to Hawaii, but only to rejoin their commands in conformity with the law, limiting the length of detached service officers may have before resuming active duty.

At the navy department Secretary Daniels positively denied any connection between the few naval movements recorded during the last 24 hours, and the Japanese situation. He took pains to point out that the departure yesterday from San Pedro for San Francisco of the big armored cruiser Maryland was simply in continuation of a test of power that is being made by that vessel. The Maryland will end these tests at San Francisco. The navy department it was stated does not intend to send any vessels from the Atlantic to the Pacific side of the continent at this juncture.

ALLEGED BANK ROBBERS CAPTURED AFTER LONG CHASE

**Had Eluded Officers of Four Counties
For Eight Days By Hiding in
Deserted Farm Houses.**

Galesburg, Ill., May 16.—After eluding the police, deputy sheriffs and detectives of four counties for eight days by hiding in deserted farm houses, and vacant stables, two of four men suspected of being the robbers who dynamited the safe of the Farmers bank of North Henderson, May 7th, were captured today after an exciting chase.

Warren Bruing, a farmer, living northwest of Alexis, discovered the two men last night hiding in a corn-bin. This morning Sheriff Fitzpatrick of Warren county, led a posse which finally caught the men, after a chase across the country. The officers are searching for the other two suspects who are thought to be hiding in the vicinity.

Much of the stolen money has been recovered.

turned and addressed the audience. One boy forgot and stepped too far before making his first bow and there was an audible laugh at the error. One young man spoke in English and his remarks were good. The whole was a grand affair and deeply impressive, showing the great things accomplished for the welfare of humanity in this noble institution. As we pass around the temples and see so many devotees praying to the images and bestowing their money on the priests who sit and chant their litanies we cannot help feeling how much such an institution is needed.

Other Work.

While the "Doshisha" is the leading Christian institution in the city, other good work is being done.

There is a Baptist mission with Mr. and Mrs. J. P. Grossitt at its head. It has a church, two Sunday schools and five Bible classes.

The Episcopal mission has Rev. Bishop S. C. Partridge at its head, with ten workers in various departments.

The Evangelical Protestant mission is in charge of Rev. Emil Schiller and wife and has a church and preaching place, with a Sunday school in connection with each. In addition to this Mr. Schiller conducts a night school.

The Methodist Church South has a mission, with Rev. and Mrs. W. A. Davis in charge. They have a church in the heart of the city, three preaching places, each of which has a Sunday school connected with it. Mr. Davis also conducts a night school, with 50 men enrolled.

The Presbyterian mission north has its work in charge of Rev. R. P. Gorboid and wife. It has an independent church, five preaching places, seven Sunday schools, Bible classes and two well attended kindergartens.

The United Brethren have a mission in charge of Rev. and Mrs. B. F. Shively. It maintains religious work, Sunday services, men's organizations and so forth. It works in connection with the Doshisha and Mr. Shively is a valued instructor there.

There are Young Men's Christian Associations, with one city organization, for work among men not students and seven student associations in the imperial university and other government schools. In the latter there are about 300 hundred members and nearly as many in the city association. It has secured a desirable corner lot and has recently dedicated a new building, the gift of Hon. John Wannamaker of Philadelphia.

The Congregationalists have seven churches and chapels. Beside the higher work of the Doshisha schools there are two kindergartens, which are very popular with the people, and applicants for admission far exceed the capacity of the schools. They are centers of evangelistic work and churches and Sunday schools have grown out of them and are now carried on successfully.

For the facts in these statements I am indebted to pamphlets and information furnished me by Rev. M. D. Dunning, to whom I have referred. I cannot refrain also from mentioning a visit with him and his family. He has a pleasant home near the university and to it he invited us to dinner after the services one Sunday. He has an accomplished and lovely wife and six sweet children. There are two sets of twins and the oldest of the six is 12, so it will be seen that his home doesn't lack for activity, but all are well trained and love is the inspiring motive of all conduct. The visit there was a genuine treat and while we have all the time been very careful to assure the good friends we have met that all we asked was information, they have been most courteous and placed us under many obligations for favors of the greatest value. Our guide about the city has been a young student, Mr. Marishita, an accomplished young man, who has learned a good use of our language and has served us in a manner which we shall never forget, but always remember with deepest gratitude. In every way our impressions of missions have been most favorable and any one traveling with his eyes honestly open would come to the same conclusion.

Awata Palace.

In the year 879 a grand building was erected for the emperor Selwa and is called the place of retirement. For a long time it was occupied by princes of noble blood, but now that the capital of the land has been moved to Tokyo this grand structure is tenanted. It is indeed beautiful for a home and when it was erected it must have been regarded as something superb. Of course it is only one story made of wood, apartments generally divided by the screens covered with rice paper, but while those on the outside are of small sash, the interior one are unbroken and serve as places for fine paintings and artistic work.

We took a stroll through it and I would like to devote a few columns to its description, but shall not. The various rooms were pointed out by the old servant who went through with us. There was the study, the auditor, the bedrooms, the reception rooms, the library and a long list besides, and all were ornamented in the best style of Japanese art, gold and silver abounding in beautiful adornments of panels and screens, partitions and all else.

The garden in connection is an actual dream, so wholly unique and unlike anything else one sees. The adjacent mountains and lakes supply Kyoto with an abundance of water and living streams are possible in many places and they are not wanting here. A lovely little lake is in the center and it is bordered with grand trees and winds about in all sorts of shapes, with irregular border and lovely views. It is large enough for boating and was so used when the palace was occupied. Along one portion of its sloping banks there are several rods of bluish like stones placed close together and are smooth and handsome. We were told they were brought in from Tokyo and they must have been polished before starting for their

present resting places. It is said that the emperor was so pleased with the gift that he responded to the givers with generous quantities of rice at a reward for their generosity.

In another part of the grounds is a lovely little tea house and as we looked into its clean and spotless rooms we imagined how royalty would go there, rest itself on the mats and sip the beverage so delicious to those who like it and which I have not been able yet to endure. Lovely flowers adorn parts of the grounds and all is maintained in a good state of preservation and it was so perfect at first that all it needs is to be maintained, and we saw but few persons about the place, but such is the result of royalty. It is said that when Germany became consolidated into the Prussian empire the emperor inherited 63 palaces and the keeping of them in repair and the occasional visits expected in each make a tremendous burden on his majesty's pittance of five million a year.

A Morning Stroll.

I am not going to give another long account of a walk through a side street, though to me there is nothing more interesting and surely to the people here there are few sights equal to the tourists from Jacksonville, for whenever we go into one by the ways, as we go so often, we are the center of attraction and the moment we stop to buy anything we are immediately surrounded by a curious throng, who seem never to get through staring at us.

I want to mention a little of the shopping we did through this time and see if the readers of the Journal think we are preparing for bankruptcy. Among our purchases was a pair of straw sandals or shoes for a cent; a fairly good open work dinner basket holding almost half a bushel, made of bamboo strips, a cent and a half; a curious card case in native style, two and a half cents; two pretty little round baskets six inches in diameter, prettily colored, a cent each; a whisk broom made of bamboo strips and quite serviceable, two and a half cents; a pretty little tea pot, rather ornamental, five cents; a pound of delicious maple sugar, seven cents; a pillow for a Japanese lady, with hair suitably adorned and made up in the height of fashion, ten cents; a pretty little water gourd, gold ornamented, one cent; a double sized box of sardines for picnic lunch, seven and a half cents.

These are a few of the trinkets bought and trust the readers of the Journal will not accuse us of doing things extravagantly. A pretty little shell attracted me and we bought a pile of them for half a cent, and they will make lovely beads or necklaces and so it went. It was hard to pass by many of the things offered, but we have a good many lands to visit yet.

A Wonderful Temple.

I can hardly leave the subject of temples without mentioning the most gorgeous and probably the largest and newest in Japan, the Higashi Honwanji. There has been much said regarding the decay of Buddhism and to meet the statement and refute it the adherents of that faith and especially the orients took great pains to arouse the faithful and urge them to contribute to the erection of a building which should outshine all others and they surely accomplished their purpose. The building is 200 feet long, almost as wide, 126 feet high, has 96 large pillars and 175,967 tile on the roof.

When people couldn't supply money they brought other gifts, such as timber and the like, while thousands of zealous women contributed their hair so that 29 large hawser were made of it, the rope being almost three inches in diameter, and strong enough to raise all the timbers. We saw it coiled up on one of the passage ways of the temple and it presented a peculiar appearance. The total weight is half a ton, so that the number of contributing women must have been great. The structure was erected in 1895 and is yet fresh and gorgeous with the usual barbaric features peculiar to all such edifices. Its sides are open and partly closed by the paper screens with the small sash. The roof and general architecture are such as are generally to be seen in all similar structures. It is simply dazzling in splendor and eclipses any other structure in the kingdom. Priests sit about intoning their prayers or recitations and devout ones humbly kneel before the various images and altars saying their prayers and paying the cash, which they suppose will buy their way to paradise. The gateway is grand and imposing and is covered about with the wire netting to keep off the many pigeons, which remind me of the space in front of St. Mark's cathedral at Venice. There are paintings and carvings galore, some of the former representing dragons, lotus flowers, signs of the zodiac and other subjects.

There is on the premises a huge bronze water vase and a pagoda or small shed under which hangs an enormous bell, rung as are the others, by a log suspended by ropes and so arranged that it can be pulled back and permitted to strike the enormous mass of metal. Near the main entrance is another gate, though it is kept locked, as it is of no earthly use except to show what the adherents of Buddhism could do. It is massive and beautifully executed. It is black and gold and there is plenty of paint and gilt to be seen all about it.

In connection with this temple is another beautiful garden and it is arranged in that indescribable manner so peculiar to the Japanese. There are little surprises all about the place; little summer houses, bridges and pools, living streams of sparkling water; trees all about and evergreens cut to fantastic shapes, all combine to make a picture unsurpassed and which can hardly be described.

FUNERAL SERVICES HELD

FOR MRS. HENRY J. RODGERS

Large Number in Attendance. Who Pay Last Respect to the Dead—Rev. J. W. Miller of Grace Church in Charge.

The funeral service of Mrs. Henry J. Rodgers was conducted at the family residence on West College avenue Friday afternoon at 2:30 o'clock. Rev. J. W. Miller, of Grace M. E. church officiating. A large number of friends and relatives were present to pay a last tribute of respect to one held in much esteem.

Miss Katherine Rogerson sang most impressively "Nearer My God to Thee" and "Abide With Me." She was accompanied by her sister, Miss Agnes Rogerson.

The wealth of beautiful flowers consisting of wreaths, sprays and cut flowers were cared for by Miss Lizzie Sanderson, Bernice Clark, Nell Ritcher, Edna Cox and Mrs. W. S. Springgate.

Interment was made in Diamond Grove Cemetery. The bearers were members of the Sans Souci club to which Jay, son of the deceased belongs. They were: George Vasconcellos, Ralph Hutchison, Ray Hartman, Lester and Paul Breckon.

Rev. Mr. Miller took as his text numbers 23-10 "Let me die the death of the Righteous, let my last end be like his." He said:

"In a christian assemblage such as this text finds a response in every heart. It is an interesting fact that one who first made the declaration gave unwilling assent to this truth. He had sold himself to prophesy evil of Israel, but the words he had intended to say refused to be uttered the thoughts he had in mind left him and only words of hope and prophecies of good for Israel found expression. Among many things spoken by this unwilling prophet is this text: We use these words concerning the death of the righteous meaning the righteousness based upon christian standards. We are not thinking of the righteousness of the Hindu, nor Buddhist, nor confucianist. We are thinking of the righteousness of Jesus Christ, whose life met every requirement filled the measure of every standard satisfied God, and the divine law of love."

We would die the death of the righteous because he has the surest hope. What unbeliever will not admit that the ground of hope for the truly righteous is the surest hope of the soul.

The righteous is supported in death by the promises of God. Let us realize that God promises only on conditions. The word of God deals faithfully with us, giving stern and severe warnings as well as great and precious promises. The promises of God in His word are worthy of trust confidence. For whom are these great promises, only for the righteous.

Many are the testimonies given by dying saints in support of the truth of this text. In reading Fox's "Book of Martyrs" the reader is deeply impressed with the wonderful testimony given some times when flames encircled the dying saint. Sometimes from the lips of one in agony on the rack, or from one being broken on the wheel. These last words of Christian heroes greatly encourage us to hold to the faith that sustained them.

To die the death of righteous means we must live the life of the righteous. How utterly illogical the position of the man who thinks he can live a life of sin and selfishness yet claim the hope and faith of the righteous in his death. Man's last words are the climax of all his words, man's final confidence is based upon the settled faith of his past life. Here as everywhere God's logic must prevail.

As we remember the life and character of Mrs. Rodgers, how truly she lived the life of the righteous.

Rev. Mr. Miller read the following obituary:

Fannie Bell Holtzclaw, was born May 14, 1862, at Versailles, Ill. was so young when her mother died that she had no recollection of her. Her father died when she was 4 years old. She was taken into the home of a sister of her father at Waverly, where she grew to womanhood. She was married to Henry J. Rodgers, Aug. 23, 1882. Their home was in Waverly until 1899 when the family moved to Jacksonville for the election of Mr. Rodgers to the office of county treasurer. Since then this city has been their home. Their children, Fay Louise, Henry Jay and Edith Geneva came to her. As a wife and mother, earnestness and judgment gave her that good management and government in her home. She was amiable, self possessed, kind and loving. In her home quietness, unselfishness, sympathy prevailed because these qualities were dominant in her. She lived to see her children brought up in the Christian faith and members of the church.

She was a noble woman. As long as her health permitted she attended the services of the church, often she would go when if she had consulted her own feelings of weakness she would have stayed at home. She came to church with Mr. Rodgers on a recent Sunday by the force of her will powers desiring once more to worship with God's people. Perhaps she felt that she would have little further chance to meet with church on earth and so it proved to be. She had hosts of warm friends in church circles. She made only friends, no enemies. Never spoke in criticism, always in terms of endearment and affection. She closed her life on earth May 14th, her 51st birthday. It would seem that many years might have been hers, but according to the Father's purpose her work was done. Her character formed. His will in her accomplished. That earnest and noble life was finished on earth.

She has been ailing for several months, suffering a great deal, hoping always for a change toward health. She realized the seriousness of her condition and lived in readiness.

She is survived by her husband, three children, two sisters, Mrs.

OLD SOLDIERS WILL MEET IN REUNION

VETERANS OF TWO TENTH REGIMENT COMPANIES TO GATHER AT ALTON.

Notices Aske All Survivors to Attend
—Hardin Light Guards Did Valiant Service During the Great War
—History of the Company Told By Veteran Now Deceased.

The announcement in another column of this paper of the reunion of Companies A and B of the Tenth Regiment of Illinois volunteers at Alton next week brings to mind the important part played by the men of Morgan county in the war of the rebellion and the history of this regiment, which was one of the first six mustered from this state. With the exception of one recruit, Dermont C. Roberts of Cairo, company B was composed of Morgan county men. Company A consisted for the most part of soldiers from Quincy and vicinity, but Capt. W. A. Kirby saw his first service in this company. The first captain of company B, Charles H. Adams, was successively promoted to the position of major and lieutenant-colonel of the Tenth regiment. The Tenth regiment was mustered into service for three years July 29, 1861, by Capt. T. G. Pitcher. In January, 1862, it took part in a movement by General Grant in the rear of Columbus, Ky. On January 1, 1864, the regiment re-enlisted as veterans and left Illinois for the field again in February, 1864, under command of Col. John Tillson. They were mustered out in July, 1865.

The achievements of Morgan county in the war are well told in a history of Morgan county published in 1878. After telling of the enlistment of company B of the Hardin Light Guards, as it was called, the account in this volume, written by Private M. J. Clerihan of the company, says:

First in Kentucky.

The Hardin Light Guards were the first federal troops to invade "the sacred soil of Kentucky." Early in June, 1861, a report came that the rebels were encamped near Elliot's Mills, twelve miles below Cairo, on the Kentucky side. That same night, the Guards, with the stealthy steps of veterans, quietly marched from their quarters and took a steamer down the Mississippi, landing at a point nearest the mills. They marched through cane brakes, over logs and through the gloomy darkness and arrived at the mills only to find the Johnnies gone. On their return, when the steamboat hove in sight of Cairo, there was a hurrying to and fro with the people terror-stricken that he rebels were upon them.

In the latter part of June the Hardin Light Guards captured the "Hindman," on her way from St. Louis to New Orleans, heavily loaded with arms and munitions of war for the confederacy. The Guards were concealed from the daring blockade runner, and as soon as she touched the shore they quickly boarded her, and when the Hindman took her departure for Dixie her officers were much wiser and the boat much lighter.

In the early part of July, 1861, at grand review of the armies of the west by Gen. George B. McClellan, the general noticed the precision of the Hardin Light Guards in the evolution of drill and had them drill in front of his headquarters. After Captain King had given the exhibition drill the general pronounced them "the best drilled company he had ever seen; regulars, volunteers," a compliment that the boys appreciated and sustained to the end of the war.

The Hardin Light Guards furnished for the balance of the war, 56 commissioned officers, one being a brigadier general and a major general and several field officers in the regular army. The whole of the senior class of Illinois college enlisted in the Guards, so that the usual college commencement was not held that year, but the college authorities gave the seniors their diplomas all the same. The oldest man in the Guards was 30 years; average age, 22 years. Students, lawyers, doctors and teachers numbered 32, all the rest were farmers, mechanics, clerk, etc.

Officers Elected in 1861.

Thomas W. Smith was elected captain of the Guards August, 13, 1861. The other officers were V. D. Green, first lieutenant; Charles P. McEnally, second lieutenant; John B. Tait, orderly sergeant.

The general routine of camp life was kept up until September 26, when company B was sent to guard the Big Muddy bridge on the Illinois Central railroad. On October 2, it pulled stakes and joined the regiment at Cairo October 5, it moved to Mound City.

January 10, 1862, the Jacksonville boys led the van in Grant's famous reconnaissance of Kentucky, and on January 15, the Tenth regiment, with the Guards on the advance, got within seven miles of Columbus, Ky. As nothing of note happened, the regiment returned to its old quarters on January 21. As the war progressed, the Jacksonville companies of the famous Tenth were ever pushed forward when work was to be done. On aid of company D captured two cars February 12, company B with the loads of corn near Charleston, Mo., and returned to their quarters near Beard's Point in a pitiless snowstorm.

February 6, 1862, company B was selected for Iowa detail of 20 men accompany General Grant's famous spy to capture a band of guerrillas who had butchered some pickets of the Tenth infantry. The following were the men selected: First lieutenant, Charles P. McEnally, Privates Robert Brown, Blair, M. J. Clerihan, Crowthers, Downing, Edison, Flynn, Grundy, Harrison, J. Anderson, Marsh, McConnell, McEnally, Matheson, Norris, Stockton, D. H. Sorrells, White and Whitney.

Warfare in Missouri.

During the last days of February, 1862, the Guards played an important part in the total destruction of the rebel forces under Jeff Thompson in the vicinity of New Madrid, Mo. On the night of March 11, the regiment at 9 p. m. moved forward under cover of the darkness, companies A and B in the lead and drove in the pickets, taking a position within a few hundred yards of the batteries at New Madrid. On the morning of the 12th the rebel General McCall threw forward a regiment to dislodge the boys, but the Old Guard were equal to their name and would not drive worth a cent. After a terrible fusillade from the rebel batteries, and a 36 hour combat, New Madrid fell. For thus accomplishing the defeat of this stronghold after Pope's army had failed on three occasions before, the war department issued "special orders" complimenting the Guards and gave the old Tenth the honor of first occupying the rebel works.

On April 6, the Jacksonville boys again won new victories by participating with the 16th Ill. Volunteer Infantry in capturing near Tiptonville, Tenn., the rebel General McCa four brigadiers and 5,600 men, and two batteries of artillery among which was the famous "Washington Battery" of New Orleans.

In this day's work, company B, captured a small camp of 100 men of the 45th Tennessee, C. S. A., under the command of Captain Allen, near Moon Lake. On April 12 the Tenth regiment re-embarked on the Polar Star and proceeded down the river in advance of Pope's army of 40,000 men and the following day landed near Fort Pillow. On April 17, on board the same steamer, the regiment proceeded up the river landing on the 20th at Paducah, Ky. Here company B had to exchange their "grey uniforms" for the regulation U. S. blue. Each succeeding day until the final evacuation of Corinth, companies A and B were constantly on the skirmish line. Co-operating with Yates' sharpshooters at the battle of Farmington, Miss., May 3, 1862, these two companies, with the courage of the ancient Greeks, flung themselves pell-mell into the enemy's entrenchments, making the famous Kentucky brigade under Gen. John C. Breckenridge retreat and take refuge behind the batteries at Corinth.

Good Service of Two Companies.
To follow the services of companies A and B in all their hard fighting would require more than the space allotted to us, hence it will be sufficient to say that both companies distinguished themselves with their regiment at Corinth, at Nashville, October 5, 1862, when company B repulsed an Alabama regiment, and at Laverne, Tenn., on May 30, when company B opened the way for a four hours' fight.

In August, 1862, the old Tenth regiment after a forced march of 200 miles, camped at Tusculum, Ala. The regiment was ordered to move and to destroy the camp and garrison equipment. During the march from Tusculum companies A and B were continually exchanging shots with Biddle's guerrillas and while the 42nd Ill. Inf. were passing through Columbia, Tenn., it was attacked in front and in the rear. As usual company B was sent in haste and a few well directed shots from their "minnies" made the Johnnies hunt their holes.

Arriving at Nashville on September 15, and relieving the 9th U. S. V. L. division, company B was assigned to duty at Fort Negley, and for nearly three months Palmer's division was cut off from all communication with the federal army. The old Tenth regiment made all the reconnaissance before Murfreesboro prior to the battle of Stone river, to ascertain the strength of Beauregard. On November 18 moved to Chattanooga, Tenn., and on the morning of November 24, went across the river in front of Mission Ridge, where it was assigned to the advance of Gen. Jeff C. Davis' division.

November 26, the Tenth charged Fort Chicamauga, the Hardin Light Guards entering the fort and capturing many prisoners. After participating in the several minor engagements after Mission Ridge, the Tenth regiment led the advance of Sherman's army to near Knoxville, Tenn., thence to Campbell's landing and thence to Rossville, Ga.

On January 5, the regiment veteraned, and on its return to the field was made Senior Veteran Regiment of the Western Army and companies A and B the oldest of the service.

Subsequent Company History.
The subsequent history of the companies is the history of Sherman's march to Atlanta, the companies losing many men at Buzzard's Roost, Dallas, Kenesaw, Peach Tree Creek and at Atlanta. Here company B fought two regiment of rebels for two hours and repulsed them. After the reorganization of the army the Tenth was assigned to the 17th U. S. C. and it participated in the battles of Jonesboro, N. C. and at Bentonville, where company B being on the left flank of the regiment, rebels doubled it and tried to annihilate it, but the old Guards showed their metal and met the shock nobly and well. This was the last hard fight apto the surrender of Johnson's army, and the final collapse of the confederacy. The Tenth regiment was mustered out of service at Louisville, Ky., June, 1865.

The Hardin Light Guards.

The officers of the famous company B were:

Captains, Charles H. Adams and John W. King; first lieutenants, John W. King and Charles W. Smith; second lieutenants, Thomas V. Smith and James H. Burnett; first sergeant, Charles S. King; Sergeants, Edward McConnell, Louis A. Rober and James H. Burnett; corporals, William D. Green, William H. Beck, John A. Ballard and Edward Adams.

All these officers were from Morgan county, as were also the privates with the exception before noted. The privates enlisted were:

Charles Armstrong, Jonathan Anderson, Theophilus Ayers, John A. Bell, George R. Bibb, Charles J. Bohl, Jacob Back, Andrew Butler, A. C. Brown, George A. Couchman, James H. Crosby, David C. COE COLLEGE WINS TRACK MEET
Grinnell, Ia., May 16.—Coe college of Cedar Rapids won the annual invitation track meet of the Iowa conference here totalling 34½ points. Less than a point separated the next three schools. Morningside scoring 23, Simpson 23½, and Grinnell 22½. Other scores made were Cornell 19, Des Moines 7, State Teachers' college 5½ and Highland Park 3.

Mr. Clarence Rowland will have to put Hy Jasper on the bargain counter before long unless he does a few more sensational stunts like striking out seventeen men who had been traveling all night without sleep. Ten hits off him by Springfield doesn't look very classy. The ten strike outs was not so bad. But it sounds erratic.

Loose Support Given Marks Was Largely Responsible For the Gem's Runs—Quincy Pitcher Pounded Hard But Keeps Hits Scattered.

BLOOMINGTON, MAY 16.—Bloomington won a slugfest match, driving Royer from the box in the first and finding Vyskocil easy in the remaining innings.
Marks was hit hard but kept the safe ones scattered, loose support contributing to Quincy's runs. Ohlin's hitting was the feature.

"Every Little Olive Tablet Has a Movement All Its Own"

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil, to act on the liver and bowels, which he gave to his patients for years. Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

TO ELECT COMMISSIONERS.
Denver, May 16.—Denver's first election under a new charter will be held next Tuesday and the event is looked forward to with eager interest by citizens who believe that the commission plan of government will destroy many of the political evils that have long flourished in the Colorado capital. For the six offices to be filled at the election there are more than 150 candidates.
The campaign now drawing to a close is in many respects the most unique in the history of Denver. Under the new charter no candidate is allowed to receive any assistance from any party organization, from any corporation or from any united organization of any kind. Neither is a candidate allowed to spend any money other than for the distribution of his own literature and the hiring of halls in which to make speeches. All candidates must be nominated by petition.
The election will be conducted under the preferential system of voting. Each voter will register his first choice for each office, then his second choice and on the third choice he may vote for every other candidate he so desires. The votes are counted for choice first, and if no one has a majority of all votes counted, then the second choices are added and if there is no one with a majority then the third choices are added and the persons having the largest vote are declared elected.
STATE STREET CHURCH.
In the absence of the pastor, Dr. A. B. Morey will preach in the State Street Presbyterian church Sunday morning and afternoon.

COOL WEATHER CUTS DOWN RETAIL TRADE

ANTICIPATED TARIFF CHANGES ABATE ACTIVITY.

In Some Places Wholesale Trade is Better Than Anticipated—Crop Conditions Are Mainly Favorable.

New York, May 16.—Bradstreets tomorrow will say:

Trade currents indicate the exercise of relatively satisfactory conditions though the reports still are interspersed with evidence of more or less irregularity in final distribution. Conservatism is being practiced as to future trade pending prospective tariff changes and it is probable that the volume of business in the northwest, a section that has heretofore been especially active, has tapered off a little, but slackness in one or another zone has been counterbalanced by improved movements in other places.

Retail trade this week has been restricted by cool weather a temporary factor, and new business in iron and steel tends to become lighter. On the other hand, crop conditions are mainly favorable.

In some places the west for example, wholesale trade is better than anticipated and the way buyers representing interior retail dealers take hold of supplies indicates that stocks must be slow. In short there is little room for cavil as regards spot business and as the season advances there is more disposition to figure on future requirements. Business failures for the week ending May 15th were 259, which compares with 243 in the like week of 1912.

Dun's Trade Review.
Dun's Review tomorrow will say: There is still some abatement of activity, due chiefly to anticipated tariff changes, but the volume of transactions in all the leading branches of trade and industry is very large. Conservatism is naturally more pronounced in the industrial and financial east, while in the agricultural west and south there is a marked feeling of confidence based on the splendid crop conditions and the enormous trade, much of which means large returns to producers. Decrease in bank exchanges this week of 13.0 per cent as compared with the corresponding week a year ago was chiefly due to reduced speculative transactions at New York the volume of business at many points being equal to, or even larger than, last year. It is noticeable that in contrast to the falling off in bank clearings railroad gross earnings continue to expand, the gain in the first week of May being 7.2 per cent. The opening of lake navigation is helpful to business in the northwest. The iron and steel mills are busily engaged on old orders but there has been a decline in new business as is shown by the reduction in the unfilled tonnage of the leading interests. The recession in business in iron and steel, as well as in the textile trade, is, after all, remarkably small in view of the conservatism inspired by the pending tariff changes, which leads buyers to restrict their purchases mainly to immediate requirements.

BANK CLEARINGS.

New York, May 16.—Bradstreets bank clearings report for the week ending May 15th, shows an aggregate of \$3,156,987,000 as against \$3,471,760,000 last week and \$3,463,357,000 in the corresponding week last year.

WHY IS JACKSONVILLE FIRM?

Because Its Citizens Have Learned The Truth.

After reading this generous and encouraging report from Mr. Seaver those who have the misfortune to suffer, as he did, will naturally long to get similar relief. But to get the same good as Mr. Seaver had, you should get the same remedy. There are of course, other kidney pills, but there are no other kidney pills the same as Doan's. That is why Jacksonville people demand the genuine. J. B. Seaver, blacksmith, 346 E. North street, Jacksonville, Ill., says: "I have used Doan's Kidney Pills with excellent results and I am pleased to recommend them. I had pains in the small of my back, especially when I tried to straighten after stooping. I used Doan's Kidney Pills and they soothed the pains. They also regulated the action of my kidneys."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York sole agent for the United States. Remember the name—Doan's—and take no other.

ON THE SIDELINES.

This is the day of days in Chicago. Frank Chance is to be "officially" welcomed home. He has been saving his best card Kestling for this special occasion. There will be a record crowd on hand if the Walsh to the slab in opposition to be so. The Sox will probably send Walsh to the slab in opposition to the star left hander or it may be Russell. The fans would like to see Chance win this game for sentimental reasons, but base ball is baseball just as business is business.

Brooklyn and St. Louis have been having a series of battles royal. The contrast between the Cardinals of this year and last is so striking that it is calling for comment all over the circuit. They are up on their toes continually and fighting for everything. Last year they were simply a door mat for all comers. So much for a change of management. It is sometimes a desirable proposition.

Clarie Griffith has added authority to his other accomplishments. In the current Outing Magazine he has a most reliable article on the making of a winning team. It will repay perusal. Both fans and those who care only casually for the game will find much to interest them in the story.

The Illinois College team had a fast workout under Capt. Darragh in preparation for the game with Lombard this afternoon. The I. S. D. Tigers proved worthy opponents. Wheeler lobbed them over for a while and then Atchison served up some left handers. The college team should win this afternoon and fans who wish to see good game should turn out. The quality of ball that the boys serve up is really first class. Yesterday they faced Friday a left hander and he kept them busy. His team mates backed him up in good style. It was a good workout for both teams. The mites are improving steadily. I. C. has a great outfield. Watch it to day.

Washington is dropping too many games of late to be comfortable. They can't afford to lose so many if they expect to remain in the first division. The pace is entirely too swift for any stalling.

It was a toss up between the Boston Red Sox and the Browns. As luck would have it the Reds finished on the long end of the string.

Joe Wood has recovered sufficiently to take his turn in the box but is far from being in his best form. But his presence helps. Now that the cripples are recovering and Stahl is on hand to give orders the Reds should get a few more points in the percentage column.

Mr. Ebbets has got back nearly all he paid out on his new grand stand and the season is only a month old. Where the Dodgers once drew hundreds on the road they are drawing thousands this year. It has been many a weary year since a team from Brooklyn has been counted in the running. All the sweeter for the long fast.

There is a player on the Illinois squad who will be in line for professional honors if he ever cares to take up the game seriously. That player is Clay Appel, the left fielder. Go out to day and see what you think of him.

Wheeler, the college pitcher, is a Freshman. In four years he should develop into the greatest Illinois ever had and there have been not a few wearers of the Blue and White who have shown in box. We recall Thomas, P. Antle, Leslie, Tripplett a speedy left hander, Bob Gayle, a semi-pro, Tucker, Frank and Hedges. The base ball traditions at old Illinois are substantial and this year Harmon has a team that is sure to give a fine account of itself.

QUICK RELIEF FOR RHEUMATISM
George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

DR. DEEMEL LINEN MESH underwear is the best to wear, because linen absorbs moisture rapidly and suppresses all other materials in the power of evaporating moisture or drying. Shown and sold by BRECKON & JENKINSON.

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What oil is to the friction of the delicate parts of an engine—

DR. PIERCE'S Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Neurasthenia "is the cry of starved nerves for food." For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

TERRIBLE ITCHING AND BURNING

Scalp Eczema for About Five Years. Form of Ringworm. Thick, Rough Scale. Entirely Well After Using Cuticura Soap and Ointment.

Iberia, Mo.—"I was troubled with scalp eczema for about five years and tried everything I heard of but all of no avail. The doctors told me I would have to have my head shaved. Being a woman I hated the idea of that."

"I was told by a friend that the Cuticura Remedies would do me good. This spring I purchased two boxes of Cuticura Ointment and one cake of Cuticura Soap. After using one box of Cuticura Ointment I considered the cure permanent, but continued to use it to make sure and used about one-half the other box. Now I am entirely well. I also used the Cuticura Soap."

"The disease began on the back of my head, taking the form of a ringworm only more severe, rising to a thick, rough scale that would come off when soaked with oil or warm water, bringing a few hairs each time, but in a few days would form again, larger each time, and spreading until the entire back of the head was covered with the scale. This was accompanied by a terrible itching and burning sensation. Now my head is completely well and my hair growing nicely." (Signed) Mrs. G. F. Clark, Mar. 25, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Happiest Girl in Lincoln

"I am only too glad to testify to the good qualities of Chamberlain's Tablets," writes Miss Nora G. Hagerty, of Lincoln, Neb.

"I had been ailing for some time with chronic constipation, stomach trouble and a terrible misery after eating, when I was taken sick with abscess of the bowels. We had some of the best doctors in Lincoln in attendance, and they all said I would have to be operated on right away. I had heard of Chamberlain's Tablets, and we got a bottle of them. I began to take them and in three days I was able to be up and get better right along. I am the proudest girl in Lincoln to find such a good medicine as these tablets are. I can hardly believe myself that I am strong and healthy now. They saved me from a serious surgical operation."

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, always all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be desired. This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

Objects and Principles.
The primary objects of this order are to promote the principles of true benevolence and charity by associating its members together for the mutual relief against the trials and difficulties attending sickness, distress and death, so far as they may be mitigated by sympathy and pecuniary assistance; to care for and protect the widows and orphans of those who have been worthy members; to ameliorate the condition of humanity in every possible manner; and by wholesome precepts, fraternal counsel and social intercourse to elevate the membership. It endeavors to attain these objects:

1. By giving moral and material aid to its members and those depending upon them, and to the widow and orphans of deceased members so far as the finances will permit.

2. By payment of such weekly sick benefits to members in good standing at the time of their sickness or disability as the by-law of each subordinate tribe shall prescribe.

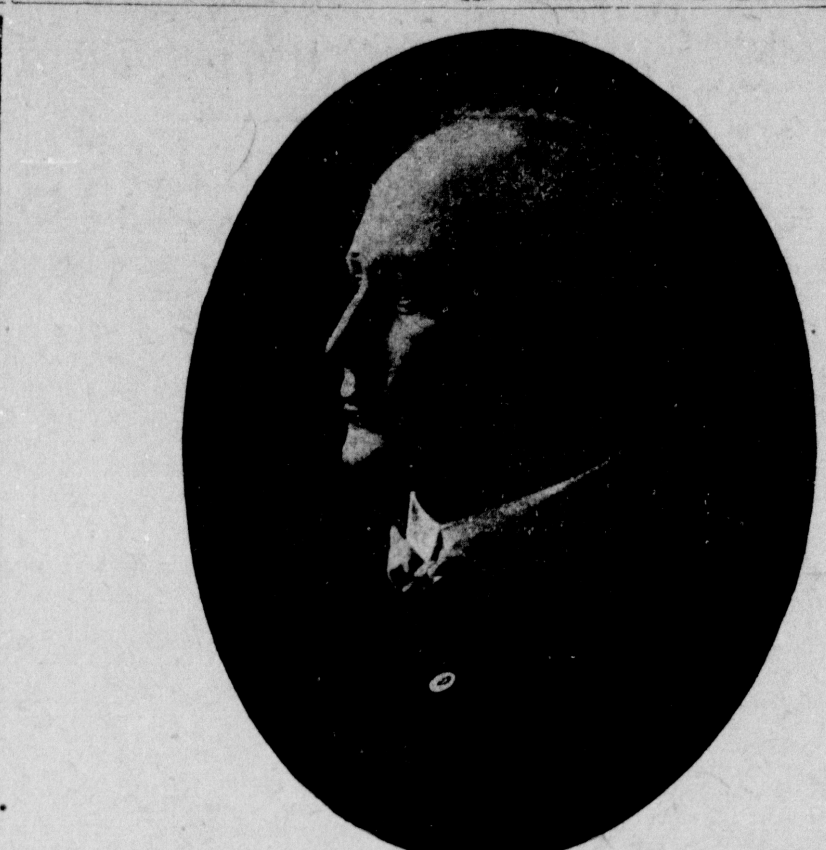

3. By the payment of death benefits (the amount to be fixed by each subordinate tribe) to the families of deceased members.

4. By the inculcation of the doctrines and fraternity, and association of good and true men from all walks in life in the common practice of mutual objects.

History of Delaware Tribe.
The following historical facts relative to Delaware tribe were compiled by A. B. Opperman who looked up the records with care. The tribe now has a membership of about 350 and a class of forty will be taken in during the great council.

Delaware Tribe was instituted by Great Sachem A. F. Heineman on the Sleep of the 7th Sun, Worm Moon, G. S. D. 397 (March 7, 1888) with the following charter members: J. G. Widenham, A. W. Baldwin, W. L. Alexander, E. F. Baker, C. B. Schermerhorn, W. S. Lorton, N. R. Jearld, J. H. Osborne, J. D. Waller, Leo F. Morrison, G. R. Paxton, F. M. Byrns, G. E. Doying, T. I. Jebb, H. J. Brook, W. L. Fay, H. W. Eads, Edw. Rockwell, W. F. Short, Meier Well, R. T. Cassell, A. M. Upham, H. B. Meyers and Robert Smith.

"The following were the first elective chiefs: Sachem, G. E. Doying; Sr. Sag, W. P. Short, Jr.; Jr. Sag, A. W. Baldwin; Prophet, N. R. Jearld;

W. C. HOVEY,
Nokomis,
Great Guard of Forest.

C. of R. J. T. Osborne; K. of W. T. I. Jebb; Trustees, J. H. Osborne, Meir Weil and J. C. Widenham.

"Surely that was a splendid personal but they lacked the fraternal enthusiasm and push that characterize our present tribe and that every fraternal order must have in order to succeed.

"The trail of the tribes last Great Sun's existence was over a rough and unbroken path. I know where of I speak, for I was one of the 12 brave chiefs who, having lost their wigwam would meet first at one place and then another. Their last brave stand was made in the writer's place of business on the Sleep of the 19th Sun, Sturgeon Moon G. S. D. 405 (Aug. 19, 1896) when the following chiefs took out a withdrawal card and surrendered their charter: M. E. Trotter, C. E. Darling, A. B. Opperman, F. J. Garland, John Higler, John Nebe, A. H. Howell, H. J. Brook, Edw. Tendick, G. A. Siskier, C. B. Schermerhorn and H. D. McKee.

"The council fire was rekindled by G. C. of R. Wilson Brooks, assisted by state organizer, Frank Jones, on the Sleep of the 6th Sun, Traveling Moon G. S. D. 411 (Oct. 6, 1902) with the following membership: H. J. Brook, Robt. Smith, W. H. Anderson, Fred McDougall, R. L. Smith, J. J. Brennan, Harry York, H. B. Myers, W. G. Wolfe, R. E. Wardhouse, J. J. Mallen, John McEnroe, Joe F. Barcroft, A. B. Opperman, J. R. Barcroft, Bernard Gause, Frank Tuite, J. E. Suiter, Frank Hackler, Frank Eaton, L. O. Conduitt, John Nebe, H. E. Buckheit, J. H. Mallen, Scott B. Green, A. H. Atherton, A. W. Baldwin, J. M. Vail, W. J. Lacy, W. H. Mc-

Carty, Herman Opperman and C. E. Darling.

The first elective chiefs were: Sachem, H. J. Brook; Sr. Sagamore, W. H. Anderson; Jr. Sag., J. M. Vail; Prophet, H. B. Meyers; C. of R., W. G. Wolf; K. of W., Joe F. Brennan; C. of W., John Nebe. Trustees, R. E. Wardhouse, Robt. Smith and A. W. Baldwin.

Lady Audley's Jewels

A screaming funny comedy, by Essanay

And the elaborate wartime masterpiece in two parts, by Selig,

Pauline Cushman, the Federal Spy

Special Picture Feature Today

Pauline Cushman, the Federal Spy, in two reels. Its mammoth battle scenes, thrilling incidents and spectacular effects are woven into an absorbing romance.

Among the heroes of the Civil War a figure that stands out prominently is Pauline Cushman, an actress before the beginning of the struggle and later on the most clever and daring spies fighting for the cause of the North.

A toast to Jeff Davis and the Confederacy from the stage of a theatre at Louisville made her appear a supporter of the South. Not long afterward she boldly appeared within the rebel lines and gave valuable information to the Union Army. Although captured many times and frequently wounded, she miraculously escaped death and was given the rank and title of Major by General Garfield.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCKS IN SCANT SUPPLY; PRICES RAISE

MARKET RESISTS RENEWED LIQUIDATION.

When Covering Was Complete Mar-
ket Came to a Standstill, But
Prices Held to High Level.

(By Associated Press)

New York, May 16.—The slow
upward movement reported another
of the alternate advances and de-
clines of the week in response to
the drift of speculation. Stocks
were in scant supply, and although
the demand seemed to be limited
principally to the requirements of
the shorts, prices rose generally.
When covering was completed the
market came virtually to a standstill,
but prices were held firmly at the
higher level.

The underlying strength of the
market was indicated by its resist-
ance to renewed liquidation which
broke out late in the day, chiefly
among the lower priced railroad se-
curities. Seaboard common and
preferred, Wabash preferred and St.
Louis & San Francisco common and
preferred all touched new low points
for the year. Weakness of several
issues of railroad bonds was still
more conspicuous. Rock Island col-
lateral 4s, St. Louis & San Francisco
4s and 5s, Chesapeake & Ohio 4s
and Southern railroad 5s, touched
the year's low. In spite of the li-
quidation of these securities the gen-
eral market held firm, closing at the
best prices of the day.

HOW THIS WOMAN FOUND HEALTH

Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.

Utica, Ohio.—"I suffered everything from a female weakness after baby came. I had numb spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give my Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicine and they did me no good."—Mrs. MARY EARLEWINE, R.F.D. No. 3, Utica, Ohio.

Another Case.
Nebo, Ill.—"I was bothered for ten years with female troubles and the doctors did not help me. I was so weak and nervous that I could not do my work and every month I had to spend a few days in bed. I read so many letters about Lydia E. Pinkham's Vegetable Compound curing female troubles that I got a bottle of it. It did me more good than anything else I ever took and now it has cured me. I feel better than I have for years and tell everybody what the Compound has done for me. I believe I would not be living to-day but for that."—Mrs. HETTIE GREENSTREET, Nebo, Illinois.

Kills Every Catarrh Germ

Balsamic Air; Nature's Own Remedy That is Guaranteed to End Catarrh.

If you, Mr. Catarrh Victim, could only take one good look into your nose and throat and see the fifth and raw sore spots that are caused by germs of Catarrh, you would secure a HYOMEL outfit this very day and start at once to destroy the cause of nose and throat illness.

Booth's HYOMEL is a germ killing air which when breathed through a small inhaler or in vapor form begins at once to drive out all mucus and bring the membrane back to a normal, clean, healthy condition. Complete outfit includes inhaler, \$1.00. Extra bottles if later needed, 50 cents, and money back from Coach & Shreve if dissatisfied. Just breathe it—no stomach dosing.

There will be a strawberry and ice cream supper by the Lady Forresters at Alexander Saturday evening, May 17th, in the basement of the Church of Visitation.

Illinois College Glee club concert, Northminster church, Tuesday evening, May 20th at 8 o'clock. Admission 35c. Students 25c. All tickets at the door will be 35c. Tickets on sale at the following places: Brown's Music store, Illinois College Book store, I. H. S. office, I. W. C. Miss Weaver's office. Any member of Glee club.

RUMMAGE SALE.
Pastoral Helpers of Christian church will hold a rummage sale in I. O. O. F. hall on East State street, May 23, 24.

Unequaled for a Bad Cold.
Ask anyone who has tried it and he will tell you that Chamberlain's Cough Remedy has never been equalled. Miss Clara Oster, House Springs, Mo., when sneaking of this remedy, said: "I feel sure that Chamberlain's Cough Remedy is the best on the market to cure a cough or a bad cold on the lungs. I am only too pleased to say a few words in its praise." For sale by all dealers.

The Regeneration of Organs.
Many inferior animals have, as is well known, the power of replacing various parts of the body when lost, such as the tail and even in some cases the head. A worm may sometimes be divided into various sections, and each section will proceed to live its separate existence. Experiments made by naturalists to obtain a better understanding in this regenerating faculty have shown that the lungs of frogs and salamanders have grown again after being almost wholly extirpated; also the horns of snails have been extirpated with like results. Each so called horn has an eye which communicates with the outside world, and these eyes have been regrown with the horn, though practically useless for purposes of vision. It is established likewise that the caudal horn or tentacle of the silk-worm if taken off will grow again, although it will be smaller than the primitive one and in some cases invisible to the naked eye. The crab and lobster, as is well known, can grow new claws.—Harper's Weekly.

The Ants' Drum Corps.
One day Professor Bugnion visited a little island on Lake Amobalagoda. In Ceylon. While idling about he suddenly became aware of a faint drumming noise. Turning in the direction from which the sound came, he perceived a colony of termites beneath some dry leaves that had fallen from a bread tree. The noise, which lasted for a few seconds, sounded like the very distant roll of a drum. On closer investigation Professor Bugnion discovered that it was caused by a little band of termites beating a lively tattoo with their mandibles against the bottom of the leaves. They had evidently been disturbed by his approach and were warning the working battalion of the army. On several other occasions under different conditions the same drum signal of danger by the ants was noted by the professor.—Youth's Companion.

A Noted Basso's Egotism.
Once in London were four great basses singing at the same time, Lablache, Marini, Staudigl and Karl Formes. Fashionable opinion was undecided as to which of the four was the greatest, and finally the members of a leading club determined to have the quartet of singers interviewed separately by one of the members to find out to whom each of the singers awarded the palm of being the greatest basso then in London.

Staudigl answered promptly and truthfully, "Lablache is the best."
Marini replied, "I will not say who is the first basso, but I am sure Lablache is the second."
Lablache modestly responded, "If Staudigl were not here I certainly would claim the lead."
Formes without hesitation instantly said, "The greatest basso, sir—that's me, Karl Formes."

GAVE SENIOR RECITAL

Miss Vera Margaret Tomlin Pleases Audience by Her Interpretation of "When Knighthood Was in Flower."

Miss Vera Margaret Tomlin, a student of the school of expression at the Woman's college, from Brown, Mo., gave her senior recital in Music hall Friday afternoon at 4:15 o'clock before a large audience of students and friends. She read "When Knighthood Was in Flower," the well known novel by Mr. Edwin Caskoden. Miss Tomlin is a pupil of Miss Amanda Kidder, director of the school of expression, and has been one of the hard workers in this department. She has been heard with much delight by Jacksonville people on a number of occasions and has always acquitted herself in a complimentary manner. Last Thursday night she was awarded first honors in the Wesley-Mathers prize speaking contest.

Miss Tomlin gave a very pleasing presentation of "When Knighthood Was in Flower." The selection calls for a careful study of the various characters and a grasp of the true meaning of the author. Miss Tomlin has the ability to make her characters stand out prominent and especially was she strong in the delineation of the men characters of the story. She has a good speaking voice, a most pleasing stage presence and her work yesterday afternoon was splendidly done and the audience showed their approval by sincere applause.

The program was outlined as follows:

1. Brandon Comes to Court and Meets the Lady Mary.
2. Friendship and Love.
3. An Adventure and a Broken Trust.
4. What a Lady Mary Willed.

ARRANGE FOR DECORATION DAY

Members of Matt Starr post G. A. R. met with the city council Friday afternoon when a committee was appointed to co-operate with veterans and a committee from the Chamber of Commerce in making arrangements for Decoration Day. Veterans present were W. H. Jordan, C. E. McDougall, George Paul, L. R. Penrose and C. Riggs Taylor. Mayor Davis and Commissioners Knollenberg and Engel answered the roll call and after the matter had been discussed at some length, they were appointed on a committee to act on behalf of the council making the Decoration Day arrangements. The veterans expressed the hope that this year and in other years that young men may take the burden of arrangements from their shoulders.

SHAWKNIT SOCKS. We are showing a large line of these in gauge lightweight and silks. BRECKON & JENKINSON.

OFFICE IMPROVEMENTS.
The offices of Commissioner Knollenberg and Commissioner Newman at the city hall have been greatly improved with new paint and paper, and besides have had a general overhauling.

Very Remarkable Cure of Liver Complaint.

Mr. Albert Walker, of Prociouas W. Va., suffered intense pain in the stomach and right side at intervals for fifteen years. He had consulted eight or ten physicians and while they all agreed that he had liver trouble, they failed to relieve him. He was eventually cured by Chamberlain's Tablets. If you have any trouble with your stomach or liver, these tablets will certainly do you good. For sale by all dealers.

MORTUARY

Hairgrove.

William N. Hairgrove left Friday for Kansas City to be present at the funeral of Mrs. E. E. Hairgrove Sunday. Mrs. Hairgrove died after a few days illness with pneumonia. She leaves besides her husband E. E. Hairgrove who was born and reared in this county, six children. Mrs. Hairgrove was before her marriage, Miss Elizabeth Gray and the family formerly lived near Lowder.

Smith.

H. M. Pratt received a telegram Friday announcing the death of his sister, Mrs. Jeanette Smith, who passed away at her home in Baraboo, Wis., Thursday night. Mrs. Smith, who originally came from Vermont, was the eldest of four children, and her brother, H. M. Pratt, who is now the only one surviving, is the youngest. She was 82 years of age, and a widow of William Smith, who passed away some years ago. Mrs. Smith was quite vigorous for one of her years and her death was attributed to senility. She is survived by two daughters, Mrs. J. E. Savage and Mrs. Antonette Hopkins of Baraboo.

Mr. Pratt and L. P. Owen left Friday night for Baraboo to attend the funeral which will be held Sunday.

Martin.

The funeral of Mary Martin, who died Friday and interment was made in Diamond Grove cemetery. She passed away at the Jacksonville State hospital Wednesday and the remains were removed from the hospital to the Reynolds undertaking establishment.

Barton.

David Barton died at the Jacksonville State hospital Friday morning at 6 o'clock and the remains were taken to the Reynolds undertaking establishment. They will be sent to Shelbyville for interment.

Frayne.

Elizabeth Frayne, aged 60 years passed away at the Jacksonville State hospital Thursday and the remains were taken to the Reynolds undertaking establishment. The funeral was held Friday and interment made in Diamond Grove cemetery.

Ward.

James Pratt, secretary of Jacksonville lodge No. 152, Knights of Pythias, received a telegram from the secretary of the K. of P. lodge at Everett, Wash., announcing the death of E. D. Ward, who passed away at that place Thursday. The telegram asked the local secretary to inform the officers of the Everett lodge as to the whereabouts of a cousin of Mr. Ward, who was thought to have resided in this state. Mr. Ward resided in Jacksonville about twenty years ago and was charter member of Jacksonville lodge No. 152, Knights of Pythias. While here he was a member of the firm of Ward & Cameron, confectioners, who conducted an establishment on the north side of the square. Lee Tanner, who resides in Aurora and

who is employed by the Farley Candy Co., of Chicago, is a cousin of the deceased, and Mr. Pratt sent a message to Mr. Tanner, informing him of the death.

Devore.

Brief funeral services for Mrs. William Devore were held Friday afternoon at 1 o'clock at the late residence, 1536 South Main street, in the presence of a large gathering of relatives and friends. The services were impressively conducted by Rev. Hy S. Alkire, pastor of Brookman M. E. church, assisted by Rev. V. L. Dorgan, pastor of the First Baptist church. Music was furnished by Mrs. Loren Cannon, T. H. Rapp and J. Philip Read.

Following the services at the house the remains were taken to Asbury church where more extended services were conducted by the same ministers. The singing at the church was by Mrs. Loren Cannon, Thomas Rapp and W. W. Gilliam. There was an abundance of beautiful flowers which were cared for by Misses Eva Proctor, Nellie Hembrough and Lulu Hembrough. Interment was made in Asbury cemetery and the bearers were: Charles Boston, J. H. Reid, William Varenport, James Devore, Thomas Hembrough and Fred Hembrough.

PREPARING FOR

GREAT COUNCIL.

A meeting of the financial committee of the Great Council of Red Men was held in Springfield Friday, which was attended by Great Keeper of Wampum J. F. Brennan of this city for the purpose of having his books audited. The books were found to be in excellent condition and the figures showed more wampum in the belt than ever before. W. D. Newton of Bloomington, representative to the Great Council of the United States attended the meeting and came to this city to attend the Great Council sessions. Mr. Newton is a candidate for reelection to the office of grand representative.

Edward Martin, chairman of the mileage and per diem committee, who lives at Burnt Prairie, Ill., has sent a notice from East St. Louis that he was on his way to attend the kindling of the great council fires and probably will arrive in this city today.

The number of delegates certain to come to the council is increasing and the committee has need of more room. All of the rooms at all of the hotels have been engaged and more rooms in private homes are needed. The committee desires those who have rooms to notify Secretary Fritchey of the Chamber of Commerce.

SEEK TO OUST DR. CLAMPT AS BOARD OF EDUCATION MEMBER

Quo Warranto Proceedings Brought on Initiative of William Newman—Purpose is to Show That Board Member Cannot Serve if he Moves From Ward After Election.

Quo warranto proceedings have been filed in the circuit court on relation of Robert Tilton, state's attorney, directed against Louis H. Clampt, member of the board of education. The affidavit in connection with the petition is signed by Robert Tilton, William N. Hairgrove and William Newman. The purpose is to have the court show that Dr. Clampt, who is now serving as a member of the board of education from the third ward, although he lives in the second ward, is not holding office legally.

When Dr. Clampt was elected in the spring of 1912 he was a resident of the third ward. Subsequently, probably six or eight months ago, the house he was living in was sold and as he did not find one in the third ward which suited him, he moved one on West North street and has been living there since that time. The public schools of Jacksonville are operated under a special charter granted by an act of Feb. 15, 1887, and this charter provides for the election of board members by wards. It is understood that prior to moving to the second ward Dr. Clampt consulted a lawyer in the office of the state superintendent of public instruction and that the opinion given was that he would not lose his rights as a board member by moving from the ward. There are those who maintain also that the change to a commission form of government wiped out ward boundaries in the city of Jacksonville for all elections. This view, however, is opposed by those who call attention to the fact that the commission form of government act specifically says that it does not affect any special school charter.

The proceedings which have been talked about for some time were instituted by William Newman. Judge Thompson will act on the matter at an early date.

We give ten cents for every button that comes off Duchess trousers. Tomlinson's clothing store.

CONFER WITH CHAMBER OF COMMERCE

Burlington Officials Make Trip Here Friday—Suggestion Made That Time of Afternoon Train Be Changed.

W. F. Thiehoff, division superintendent of the Burlington, were in the city yesterday and met with the members of the Chamber of Commerce. The officials came at the suggestion of the general superintendent of the road to see if there is any change in conditions here relative to the right-of-way property through this city.

At this conference it was suggested that the citizens of Jacksonville would greatly appreciate it if the south bound afternoon passenger train was held in this city an hour in order to give the shoppers here from the south more time to transact their business. The train now reaches the southern terminus of the line, Herrin, at 8:15 o'clock and the change, if made, would put it in there at 9:15 p. m. The suggestion was made by Bernard Gause that such a change would be of such satisfaction to the people south and the citizens of Jacksonville, that the kindly feeling toward the road would be increased.

ENDOWMENT FUND FOR I. W. C. IS CONSTANTLY GROWING

\$10,000 Marked Off on the College Chart Yesterday by President Harker—\$25,000 Still to be Raised—Dr. Welch Sends Check For Pipe Organ.

The endowment fund for the Woman's college received another impetus Friday morning at the chapel exercises when President Harker, amid the cheers of the students, marked off 10 squares of the endowment chart board, representing \$10,000. The college had set out to raise \$180,000 by the 4th of June and now there remains only \$35,000 yet to be obtained. Dr. Harker has been confined to his bed since last Saturday and yesterday was the first day he was able to be out. This is the result of the campaign for the past three weeks since the Decatur meeting. The gifts include a number for \$1,000 each and several over a \$100. If a gift is not over \$100 the amount contributed must go into the general fund for colleges and thus the Woman's college would only get a per cent of the amount.

Dr. Harker Coming.
A telegram has been received from Dr. J. W. Harker of New York, stating that the board of education had become so interesting in the campaign, which is now on here, that he will return to Jacksonville and take charge of the work from May 21-28. Following Dr. Harker, Dr. Nicholson, secretary of the board, will be here and assist in the campaign until its close June 4. He will give the address on commencement day.

Fund From Dr. Welch.
President Harker received a letter yesterday from Dr. E. C. Welch of West Field, N. Y., enclosing a check for \$2500 in final payment on the pipe organ which he contributed to the college. The entire cost was \$5,000. Dr. Welch also stated in his letter that he would be here for the commencement exercises of the college.

"VUDOR" PORCH SHADES

Vodor Porch Shades are equally well adapted to the great mansion and the modest cottage, and will transform a sun-beaten porch into a cool, shady retreat, and you will get the full benefit of the porch to make it what it should be—a comfortable outdoor living room, cool and shady in the hottest weather, secluded and private.

Vudor

PORCH SHADES

Not only make your porch Cool by Day but cool adjoining rooms, and give you by night a perfect Sleeping Porch

In the production of Vudor Porch Shades no effort has been spared; first, to design a shade with the strips and the space between them so proportioned as to keep out the sun but to let in the breeze; to prevent outsiders from seeing in, while permitting insiders to see out, and at the same time make a shade that has stability with lightness and beauty.

Second, in selecting the best materials for their respective purposes, a fine quality of wood-fibre was chosen for the strips or slats, because it has strength, flexibility and lightness, and because it is a good non-conductor of heat.

Vudor

PORCH SHADES

Not only make your porch Cool by Day but cool adjoining rooms, and give you by night a perfect Sleeping Porch

For binding these strips together seine twine, such as is used for fishing nets, was chosen because of its strength and wear-resisting qualities. Even the cords used for raising and lowering Vudor Porch Shades are of special manufacture, being what is known as "half-twist" cord. This cord does not curl nor loop up and stick in the pulleys as common twist cord would do. The pulleys furnished with Vudor Porch Shades are of japanned iron and of ample size to permit of the cords running through them easily and freely.

Another good feature about Vudor Porch Shades is the peculiar fact that those sitting on the porch or veranda can see out, but the passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days than any room can possibly afford.

We have these in stock in all widths, in the Baronial brown and forest green colors.
